**ADAC-E-R-P**  
CONTINUING EDUCATION RECOGNITION PROGRAM

### Course Synopsis

This on-line program is designed for the NobelGuide™ software owner with previous training who would benefit from a complete review of its core functions. Upon completion of these five sessions, participants will have gained the necessary competence to create a Radiographic Guide, and be prepared to perform Guided Implant Surgery with or without immediate loading on their patients.

### Who should attend?

Doctors, with their staff, who have purchased NobelGuide™ and are looking for a refresher or activation update.

All registrants will receive a \$500 credit off their next NobelGuide™ surgical template and will receive a one-time 50% off NobelGuide™ planning service from [www.gc2.ca](http://www.gc2.ca).

### Dr. Herman K. Kupeyan BSc, DDS, MS, Prosthodontist

Dr. Kupeyan graduated from the University of Toronto in 1977 and was in general practice until receiving his Fixed Prosthodontics degree from the University of Michigan in 1983. He has been involved with research related to clinical implant prosthodontics. Dr. Kupeyan has presented on numerous occasions throughout North America and maintains an implant and prosthodontics private practice in Windsor, Ontario. He is mentor to implant study clubs in Southwestern Ontario and retains membership in many professional organizations.

#### Refunds/Cancellation

In case of cancellation by registrant, refunds will be issued if received no later than one week prior to program date. Nobel Biocare reserves the right to program cancellation and will not be responsible for expenses incurred by registrant.
